

Houston Super Neighborhoods Quick Start Guide

Go to MyCity Houston GIS Online, <https://mycity.maps.arcgis.com> and scroll down for **Houston Super Neighborhoods** [or, go to: <https://arcg.is/1fDuG5> -- A Mobile Device Friendly Application]

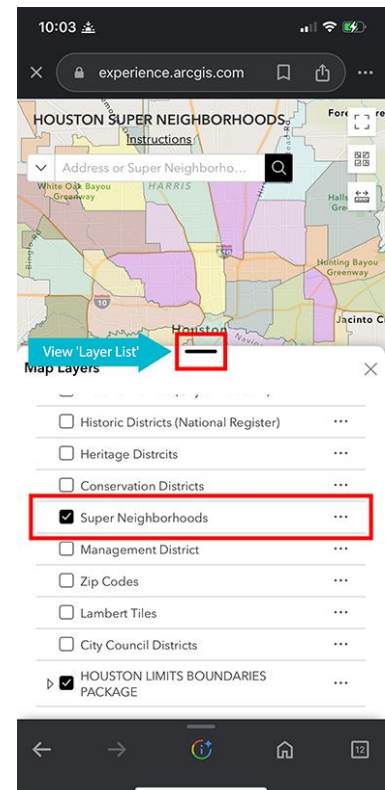

The '**Near Me**' widget analysis the address locator with information of the possible shift of Council Districts within the Super Neighborhoods with the Houston City Council's adopted [redistricting](#) with new boundaries. The widget analysis would display the Super Neighborhood, followed by the Council District(s), Management District, Historical District, Civic Club, and City Address Info, if applicable within the hidden layers of the address point.

Widget Guide for Mobile Devices

[Search widget] Autocomplete addresses and places as you type. Find a specific Super Neighborhood or use an address to find. Skip and go to next step to analysis Near Me Search, **[Near Me widget]**

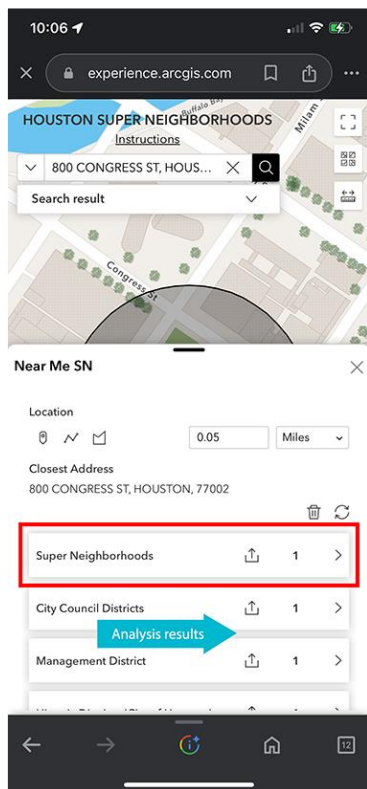

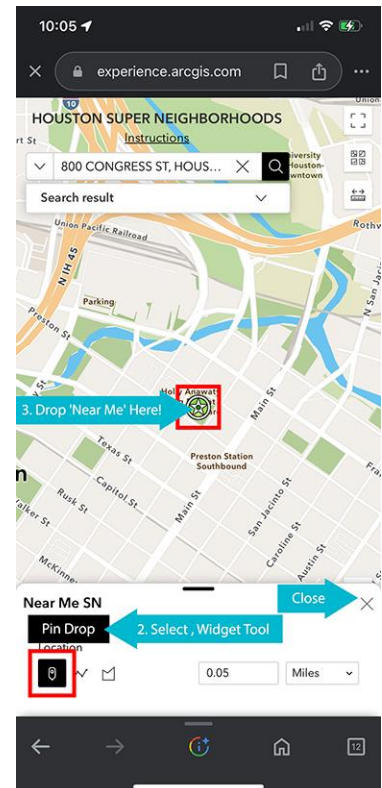

RIGHT: [Layer List widget] You may need to turn on Super Neighborhoods layer, the **Layer List** widget to see neighborhoods, if you wish so. Skip and go to next step to analysis Near Me Search instead, **[Near Me widget]**

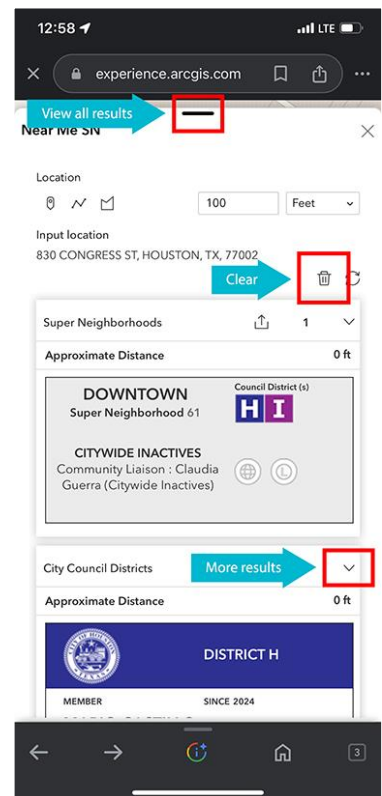

[Near Me widget] Drop the widget on the map to analysis the results on the address point of the Super Neighborhood. Use the Address Locator for the exact point first.

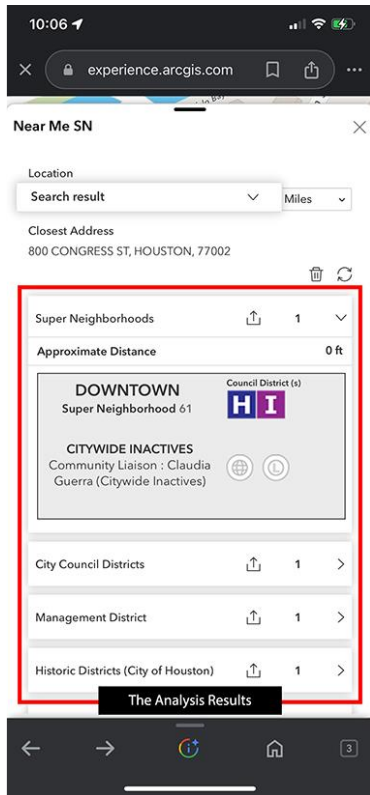

RIGHT: [Near Me widget tool] Drop the widget tool on the map to analysis the results on the address point of Super Neighborhood.

[Near Me widget] Display shows the Super Neighborhood, followed by the Council District(s), Management District, Historical District, Civic Club, and City Address Info, if applicable within the hidden layers of the address point. Click each of the drop-down tabs to view results.

RIGHT: The result will only display what is available. To view all results, expand it twice for full view, then scroll down for more results. For new search, click, 'Close' and continue with new 'Near Me' search. Previous settings will be cleared.

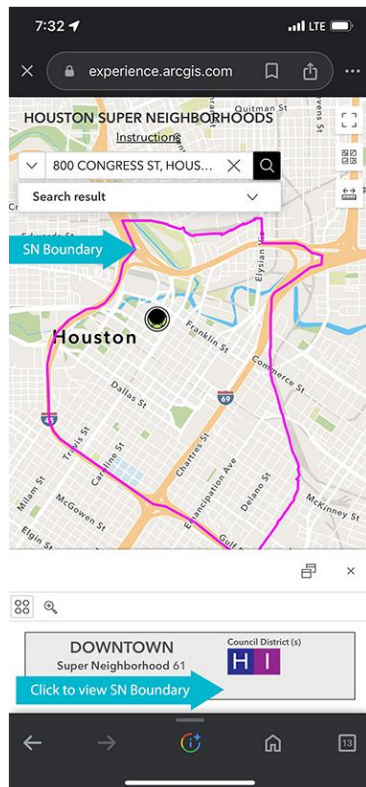

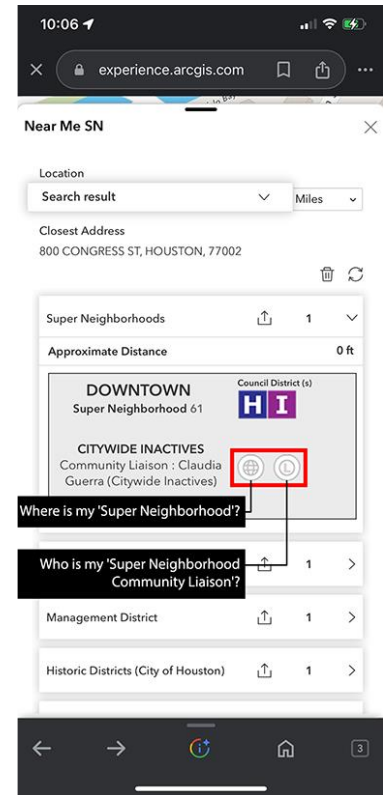

[The Analysis Widget Results]

The final display shows the Super Neighborhood, followed by the Council District(s), Management District, and Historical District tabs. Click each of the drop-down tabs to view results.

RIGHT: View Super Neighborhood URLs Infos

1. Where is my 'Super Neighborhood'?
2. Who is my 'Super Neighborhood Community Liaison'?

LEFT: Super Neighborhood Boundary can also be displayed on the map, click on the result panel. The "pink" boundary outline shows the area, zoom out to show the entire boundary of the Super Neighborhood.
